March 2018

Wreaths Across America exists to support the strong emotional connection, love of country and appreciation for our military personnel and veterans that drive the efforts of our volunteers.

Our volunteers make up the core of our organization. Without dedicated individuals like **you**, we would not be able to fulfill our mission to Remember, Honor and Teach.

In 2017, with **your** help 1.56 million remembrance wreaths were placed at 1,407 participating locations nationwide. This tremendous accomplishment would not have been possible without the devotion and commitment of the trucking industry. In total, 210 companies, 2 Rail carriers, and once Ocean going shipper delivered 500 "Truckloads of Respect!"

As a small token of our gratitude, please accept this beautifully etched piece of granite displaying the image of wreaths being delivered to Arlington National Cemetery - the street lined with thousands of patriotic volunteers waiting to help honor those who have given their last full measure of devotion so that we all will continue to be free.

Thank you for your dedication, your enthusiasm and care of the mission, and your time in support of Wreaths Across America. Please send us any picture or accounts of your experience that you wish to have displayed on our web pages. Select images may be used for promotional projects.

Sincerely,

Karen Worcester
Executive Director

REMEMBER ★ HONOR ★ TEACH
